- + You can easily earn the 8 Hours needed for your FFA Member to qualify for one of 3 Scholarships!

Wisconsin

State FFA Convention

The Alliant Energy Center in Madison was the host for thousands of Wisconsin Association of FFA members, parents, advisors and benefactors. The Wisconsin FFA Foundation celebrated the 90<sup>th</sup> Wisconsin FFA State Convention June 10<sup>th</sup> – 13<sup>th</sup>.

# CONGRATULATIONS Kiel FFA on all your achievements!

**2019 Three Star Leader Award**

The Three Star Leader Award is based on the local FFA chapter qualifying and receiving, in the current school year, at least a bronze rating in the National Chapter Award Program. The Three Star Leader Award recognizes a selected FFA member from a local chapter for being actively involved in chapter activities in Growing Leaders, Building Communities and Strengthening Agriculture.

**Chelsea Braun**, Kiel FFA, was named one of four state runners-up for the 2019 GROWMARK essay contest for FFA members. Each runner-up will receive a \$125 award. This is the 26th year for the program, sponsored by the GROWMARK System and FS member cooperatives, in conjunction with state FFA leaders, to help young people develop their writing skills, learn about current issues in agriculture, and understand the unique role of cooperatives. The theme of this year's contest was "What does the future of agriculture look like to you, and what skills will you need to play a part in it?"

Kendra knew she wanted to do something in agriculture but did not know what until a mentor had mentioned the words "Food Science." Right away she was interested. Preissner, jumped right into finding a project for her to get her foot in the door. That's when she began working for Sargento Manufacturing. Kendra helps test food products to ensure their quality and safety before they are accessed by the general public. Preissner will find out this fall if she is one of four national finalists and if she is, Kendra will compete in Indianapolis, IN in October at the National FFA Conventions.

The Kiel FFA Chapter was named the state winning FFA Milk Quality and Products Career Development Event Team. Team members include: Jenna Schweitzer, Briana Riesterer, Laura Mueller and Jessica Sabrowsky. David Friend and Erica Eickert are their advisors. Claire Sipple of Denmark FFA was the top individual. His advisors are Mary Handrich and Martin Nowak. Participants taste milk samples for flavor, identify 14 different types of cheese, score the degree of sediment on milk pads according to the USDA sediment standards for milk and milk products and evaluate milk samples using the California Mastitis Test. In addition to rating the quality of the milk, participants evaluate five milker part units and then score the number and severity of defects. They also complete a 50-question written exam on milk production and marketing. The team will now compete for plaques and individual medals at the National FFA Milk Quality and Products Career Development Event to be held in October in Indianapolis, Indiana during the 92nd National FFA Convention.

Jenna Schweitzer placed 5th at the 2019 Wisconsin FFA State Convention held in June in Madison. Jenna's plans are to attend UW Platteville and study Agricultural Education with intentions of being an Agricultural Education Instructor
